1. This memorandum suggests action on the part of the Deputy Director of Central Intelligence as noted in paragraph four below.

2. Background.

a. On 23 April 1961, the CIA forwarded to the JCS its third formal report on the status of its capabilities to meet the UW requirements of the unified and specified commands.

b. Subsequently, by SM-1002-62, 10 September 1962, the JCS forwarded to CIA a revised UW annex for USCINCEUR and asked that we review and comment on the annex.

c. By memorandum to the JCS on 23 September 1962, CIA concurred in the revised UW annex and indicated that CIA would evaluate the specific requirements contained therein when officially requested by the JCS.

3. Attached for your information is a summary sheet listing USCINCEUR's UW requirements for the last two cycles and CIA capabilities to fulfill them. In brief:

a. The April 1961 list contained 116 requirements of which CIA accepted 62 or 53%.

b. The current list contains 101 requirements of which CIA has accepted 81 or 80%.

c. The assets "in being", or current capabilities, have remained approximately the same for both reports. (April 1961-60; and the current review--48.)

d. The assets programmed, (readiness dates mostly in 1962) against which we have accepted requirements, have increased from 12 in April 1961 to 23 for the current review. This, in general, approximates the increase in acceptance noted for this report.

e. All assets used to fulfill requirements for denied areas are held externally.

4. We recommend your signature on the attached memorandum for the Chairman, JCS.
